

Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x100 feet; no 25-foot frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for \$250 each; 10 per cent cash, remaining payments to suit purchaser. Call and talk the matter over with

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, but I can now surely kill the pains and purge of this deplorable disease.
In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. I have used it successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Menlo Park Cyclery

which it is proposed to merge into a greater San Francisco received a great deal of attention. The other nearby towns receive mention as well the following pending part of the article regarding this city:

Redwood City, the county seat of San Mateo county and a town of 2,500 inhabitants, has a future hard to predict in words or figures. It possesses every advantage that comes from a location on all the main roads of travel, and has, what is not generally known, a remarkable deep-water channel running two miles through the marshes from the bay, giving her all the prestige of a seaport. Just below the city limits, the Southern Pacific's main line will cross the bay over the Dumbarton cut-off and drawbridge—a piece of resourceful engineering which will permit the handling of all passenger and freight traffic without the use of a single ferry boat. Redwood City will be the first city on the peninsula side to receive this great tide of travel, and the railroad company intends to lay out extensive yards and shops just south of the town. By this same route, Dumbarton point, the other two great transcontinental systems, the Santa Fe and the Western Pacific, are expected to cross San Francisco bay in the near future. Redwood City expects to take rank then as one of the greatest railroad terminals in the country.

Aside from the prosperity which is in store for it, Redwood is already enjoying commercial activity, which has come to it in the course of its development of its own resources. Taking advantage of the slough, which has a depth of forty feet at its mouth, the Alaska Codfish Company has established its plant on the marsh canal, where three-masted schooners sail in to anchor direct from northern waters. The tanneries, employing in all 250 men, also use the canal, as do lumber yards and planing mills. Along the marsh for thousands of acres the Leslie Salt Co. has picturesque works, where the bay waters are evaporated to furnish glistening white salt. Out in the bay for 8000 submerged acres the Morgan Oyster Company has beds, where its supply of shellfish is being raised.

WOMEN'S WOES.

Redwood City Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with aching pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. H. C. Wilder, living at 804 Arguello st., Redwood City, Cal., says: "Before I used Doan's Kidney Pills, I was annoyed to quite an extent from a dragging pain in my back which clung to me persistently and made my life miserable. My grandmother was staying with us at the time, and as she had used Doan's Kidney Pills with satisfactory results, she advised me to give them a trial. I procured a box at P. A. Ryan's Drug Store, and they absolutely banished the pain and distress in my back and I have not had the slightest return of the trouble since. I know of others who have used Doan's Kidney Pills with equally satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's and take no other.

City Council Meets

At an adjourned meeting of the city council Monday evening, affidavits were read of Clerk Stafford, Street Superintendent Dickey and the Redwood City Democrat, regarding the publication of notice of local improvement, and a resolution adopted that due notice of such improvement had been made.

On account of the absence of Trustees Havey and Luscher, the consideration of the matter was postponed until January 27th.

Trustee Hynding informed the board that arrangements had been made with the S. H. Frank Tanning Company for the supply of water to consumers, during the time that would be required in making connections between the tanks and the new meter.

C. Cassareto having applied to individual members of the board for a license to sell wine at his boarding house, it was ordered that he be informed that he could not do so without a liquor license, and as the number of such licenses is limited by ordinance to twenty-eight, all of which have been allotted, he could not be granted a license to carry on a liquor trade.

Committee to Meet

The Peninsular Promotion League consisting of delegates from the Boards of Trade along the line of the railroad from South City to Sunnyside, will meet in this city January 10. Judge Buck has granted the use of the Superior Court room for the purpose of holding the meeting and arrangements have been made for the preparation of a dinner to which the delegates will be welcomed. San Mateo's Board of Trade has signified its intention to attend in a body. The principal topic for discussion will be the lowering of commutation rates between San Francisco and the peninsular towns. The great number of trans-bay people doing business in San Francisco, coupled with opposition transportation lines, has caused low rates in ferry traffic. And now when the peninsula is being populated so rapidly as it has been during the past year a reduction in rates is expected. There is only one railroad line through this county at present but it is not an impossibility for others to come, and they will be welcomed with open arms. If they will make rates that are as cheap as those enjoyed by the people of Oakland and its neighboring towns.

Feliz Gomez

Felipe Gomez of Monterey died in that city December 11th. He had been in failing health for many years but was only confined to his bed for a few days. Mr. Gomez was born in Monterey in May, 1832 and was educated in Honolulu. For eighteen years he acted as postmaster of Monterey. His father, Rafael Gomez was legal advisor to the Governor of California under Mexican rule and his mother was the daughter of Manuel Estrada, Lieutenant Governor. He leaves a large family, and two grandchildren, Alexander and Max Gomez are in this city living with their grandmother, Mrs. J. Kearse.

Another name was added to the roster of the pioneers of this county who have passed to the great beyond, in the death of Callaghan McCarthy, which occurred last Thursday night in San Mateo. The deceased was seventy-eight years of age and had resided in this county for the past thirty years. He had been in the employ of the Southern Pacific Company for several years as a gate keeper, and only recently abandoned his duty on account of sickness.

Callaghan McCarthy was born in Ireland. His wife died only a few weeks ago, but two sons, residents of Half Moon Bay, survive him. The funeral was held Saturday from McCarthy's undertaking parlors, thence to the Catholic church where a mass was said at 8:30. The remains were interred in St. Johns cemetery.—San Mateo Leader.

Divorce Granted

Judge Buck on Thursday granted Eva B. Westan interlocutory decree of divorce from her husband, Orea E. West on the grounds of willful desertion and failure to provide. The couple were married in San Francisco on April 18, 1905. On July 8, 1906, West deserted his wife and has not returned to her. There are no children to the issue of the marriage, neither is there any community property. Mrs. West was permitted to resume her maiden name, Eva B. Boyd. The defendants conducted a real estate firm at Halfmoon Bay and on December 5, 1905, entered into an agreement with Mrs. Ostrander of Palo Alto to sell her property at Halfmoon Bay. She was to have received one half the profits of such sales. The complaint alleges that the firm made numerous sales and failed to pay her one half of the profits to wit, the sum of \$750. Powers was a Stanford student. He went to Halfmoon Bay during the boom and cleaned up a fortune but invested too heavily and lost all he had made.

The members of the local aerle are determined to eclipse their former dance entertainments and have spared neither labor nor expense to accomplish this end. The best music obtainable in San Francisco has been engaged, and the grandest supper known to the cooking art will be prepared by Chas. Luscher at the Del Monte. Life Imprisonment for Curtis

Henry Curtis was tried in the superior court last Monday for the murder of his son some time ago at South San Francisco. The case went to the jury at 4 o'clock and after deliberating for an hour and a half returned a verdict of murder in the first degree and fixing the penalty as life imprisonment. Curtis is on the stand denied the confession made by him to the district attorney. The excuse given for the murder of his son was that he was afraid of him. Shortly before the tragedy he had taken a rifle from the boy and broke it against a tree and then fired the fatal shot. It developed during the trial that the Sierra House conducted by Curtis was a house of ill fame. The defendant was represented by Harry E. Styles, who made an eloquent appeal to the jury for his client. District Attorney J. J. Bullock delivered a strong argument for the conviction of the prisoner. The old man who is upwards of 65 years took his conviction very hard as he had hoped to be acquitted. It was shown by several witnesses that young Curtis was a worthless fellow and often threatened the life of his parent. Next Tuesday Judge Buck formally passes sentence on the old man and the few remaining days to him will be spent behind prison bars.

John Hedlund was found on the ground underneath his bedroom window in the Palm Hotel last Monday morning in an unconscious condition. He was taken to the Guild hospital in Palo Alto and lingered until the following morning when he died. It was at first supposed that he fell from the window and received injuries from which he died but it now develops that he must have received his injuries in some other manner. Hedlund was a stone mason and for over a year had been employed at the Stanford University but for the past few weeks had been

You patronize Home Industry when you smoke the Menlo 10 cent cigar. Call for them.

J. B. Corvill and family returned from the east Christmas day after a pleasant trip.

W. R. Bartley and family will remove to San Francisco after the first of the year. He may return when the Spring time comes again.

The Christmas festival was duly observed last Wednesday in the Catholic church, masses were celebrated at 6, 7, 8 and 10:30 o'clock. An augmented choir rendered excellent music. At last mass Father Harrington delivered an eloquent sermon on the birth of Christ. There were solemn services at Trinity Episcopal church. The choir augmented with several new voices and some choice music was rendered. A large congregation was present.

Another of the old pioneer women have gone to the great beyond in the person of Mrs. Mary C. Mitton, wife of the late William Mitton. She passed away Thursday morning after an illness that extended over a year. The deceased came here in the early seventies with her husband. He was a skilled mechanic and was foreman on the Timothy Hopkins residence that was erected by Milton Latham.

He also held a similar position on the Flood residence when it was erected. Mrs. Mitton was a kindly old lady who gave her assistance to all those in distress. She was unsparing in her assistance to those in need of it. Deceased was an estimable woman, beloved by her neighbors and friends for her many acts of kindness and deeds of charity.

Mrs. Mitton has been a familiar figure in Menlo Park and her death will be a severe shock for her family and friends. Deceased was a native of England 71 years of age. She leaves three daughters, Mrs. Fannie Logan, wife of the well-known San Francisco contractor, Mrs. George Nunn and Mrs. Cora Parker, and three sons, Joseph, William and Charles Mitton to mourn her.

The funeral will take place this afternoon at 1 o'clock from Trinity Episcopal church. Interment will be in Union Cemetery, Redwood City.

Charles Felton Jr., who has been confined to his home for some time with a severe attack of pleurisy, will depart next Monday for the Southern part of California to spend the greater part of the winter.

William Rivers was taken to his former home in Hollister Thursday. He is suffering with an incurable disease. He has been confined to his home for several weeks. It is thought the change will help him considerably. The greater portion of his life has been spent at Hollister and he goes back to pass his remaining days amid the scenes of his younger years. While a resident of this place he has made numerous friends.

John Hedlund was found on the ground underneath his bedroom window in the Palm Hotel last Monday morning in an unconscious condition. He was taken to the Guild hospital in Palo Alto and lingered until the following morning when he died. It was at first supposed that he fell from the window and received injuries from which he died but it now develops that he must have received his injuries in some other manner. Hedlund was a stone mason and for over a year had been employed at the Stanford University but for the past few weeks had been

working on the new court house at Redwood City. He was a peaceable, inoffensive man but was addicted to drinking. He had been under the influence of liquor the night before the accident. An inquest was held at Palo Alto late yesterday afternoon. Dr. Carl G. Wilson held an autopsy on the body of Hedlund yesterday and found that there had been a hemorrhage of the brain which, with the an's exposure of the head, caused death.

Dr. Wilson states that the injury which was on the top of the head might have been caused by his falling heavily against a telegraph pole or something of a solid nature, or that it might be due to a blow with a club or some heavy article. About 15 witnesses were subpoenaed from here to be present at the inquest to give evidence.

Miss Edith Bull of San Francisco is spending the holidays with her sister, Mrs. Covington Pringle of this place. Although her home is in San Francisco, Miss Bull spends much of her time as her sister's guest.

Miss Meta Kugeler has returned from San Francisco where she spent the past week with friends.

Frank, the young son of S. E. Slade, was taken to the Guild hospital in Palo Alto Thursday to be operated upon for appendicitis. His older brother underwent an operation for the same complaint some months ago.

Charles Meyer, of this place, gave a Christmas dinner to thirty-four of the Stanford students—young men who had found it inconvenient to go home for the holidays. The occasion is reported to have been most pleasant.

James L. Flood made his annual donations to orphan asylums and other charitable institutions Tuesday, following the custom that has been his during the past twenty years. The list, practically the same from year to year, is as follows: San Francisco Protestant orphan asylum, \$1000; Roman Catholic orphan asylum, \$1000; Pacific Hebrew orphan asylum and Home Society, \$1000; San Rafael orphan asylum for boys, \$1000; Magdalen asylum, \$500; Boys' and Girls' Aid Society, \$250; St. Joseph's asylum for the deaf, dumb and blind, \$250; Armitage orphanage, \$250; Hospital for children and training school for nurses, \$500; St. Francis' technical school, \$250; Home for the aged of the Little Sisters of the Poor, \$250; Sisters of the Holy Family, \$250. The total sum of money that has been given by Mr. Flood to these institutions at Christmas is about \$130,000. No sectarian lines are recognized by the capitalist in his distribution of charity, but the chief object in the giving is to aid orphans.

Woodside Chips

Christmas has come and gone. The day was a very gloomy one yet every body seemed to enjoy them selves especially in the eating and drinking line.

Jas. Bly who conducted the Portola store for several years called on his friends during the week. At present Mr. Bly is one of the leading merchants of Richmond where he now resides.

Many of the young people from here will take in the New Year's dance in Redwood. The Eagles dances always draw many from here as they are noted for giving a good time.

We are having our share of the fog which is at present hanging over the bay counties. No doubt a good rain will bring on a little sunshine and put a little life in the village.

The little daughter of Ole Johnson had a close call from a serious accident Christmas. As her father was attempting to fix his gas plant which was not giving a very good light the candle which she was holding ignited the escaping gas and as a result the little girl received a very painful burn on the side of her face.

Belmont Doings

The church bazaar given by the ladies of Belmont during the afternoon and evening of December 14 was a decided success. Those who were not there on account of the inclement weather wished they had come. Those who came probably wished they had not come when they found the number of beautiful Christmas presents they had bought. Even the small boy was pleased, so great was the assortment of articles. The program was short and well arranged, Percy Hutchens, with his songs making the "hit" of the evening. During the dancing Mr. A. Hansen offered himself as a walking model for dainty wearing apparel to delight of everyone. He deserves special mention for so distinguishing himself.

The Longer Lasting Washer

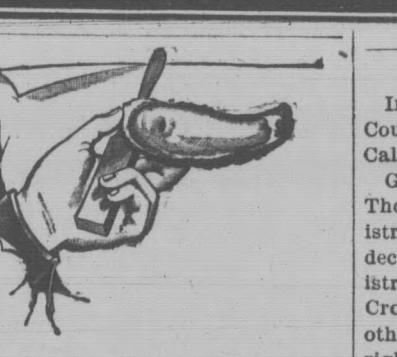

You will keep your youth longer, LAST LONGER, if you turn your washday troubles over to this light-running HORTON Washer. It will straighten the bent back and drooping shoulders, rest tired arms and limbs, smooth out the WORRIES of washday that are going to make you old before your time if you stick to old-fashioned machines or methods.

This HORTON Galvanized Rotary Washer is a new kind of washer. It is geared up to run at double speed while you TURN slowly. It will do a heavy washing quickly, with easy work at the wheel, and wash ALL the dirt out of the clothes, for the hot suds are forced through the fabric at high pressure. It is light and easy to handle, to get in or out doors, up and down cellar stairs. The galvanized metal tub is light in weight but stronger than any wooden tub. It cannot leak or "fall down," and always keeps sweet, because it can not absorb water.

For your own sake, you should at least have a look at this machine and see what modern science has done to lighten your household labor. Just drop into a good store and ask them to show you the
